The Polestar 2 300kW Pilot Plus 78kWh Dual motor 5dr 4WD Auto is an all-electric performance sedan designed to offer cutting-edge technology, thrilling performance, and sustainable driving. Here's a breakdown of its key features

**Powertrain:**

**Electric** - This model is fully electric, powered by a high-capacity 78kWh battery pack and dual electric motors, offering instant torque and smooth acceleration.

**Power Output:** 300kW (equivalent to around 402 horsepower) - This provides exhilarating performance, allowing for rapid acceleration and dynamic driving experiences.

**Trim Level:** Pilot Plus - The Pilot Plus trim typically represents the highest level of features and technology available for the Polestar 2.

**Doors:** 5-door configuration for easy access to both front and rear seats.

**Drivetrain:** 4WD (All-Wheel Drive) - With electric motors powering each axle, the Polestar 2 offers excellent traction and stability in various driving conditions.

**Transmission:** Automatic transmission - The Polestar 2 features a single-speed automatic transmission, providing seamless power delivery and a smooth driving experience.

**Seating Capacity:** Typically accommodating up to 5 passengers comfortably.

**Features:** As a Pilot Plus trim, it is likely to come equipped with a wide range of advanced features, including a large touchscreen infotainment system with navigation, smartphone integration (Apple CarPlay, Android Auto), premium sound system, adaptive cruise control, advanced driver assistance systems, panoramic sunroof, leather upholstery, and more.

**Design:** The Polestar 2 features a sleek and modern design with clean lines and a minimalist interior, emphasizing Scandinavian design principles.

**Range:** With its large battery pack, the Polestar 2 offers an impressive electric range on a single charge, allowing for long-distance travel with

minimal charging stops. Charging: Supports fast charging capabilities, enabling quick charging times at compatible charging stations. Safety: Expect a comprehensive suite of safety features, including airbags, stability control, anti-lock braking system (ABS), traction control, lane-keeping assist, automatic emergency braking, and more. Overall, the 2021 Polestar 2 300kW Pilot Plus 78kWh Dual motor 5dr 4WD Auto represents a compelling option for those seeking an electric vehicle with impressive performance, advanced technology, and sustainable driving credentials
