ENGINE & TRANSMISSION:

Built with the super economical 1.2 ECOflex petrol engine with an 5-speed gearbox. With only 27k miles since new, the car drives very well with no issues to report at all.

HISTORY:

Registered new in March 2014 at Ballyrobert Vauxhall, the car was registered as a demo until September 2014 when it went to a local couple who retained the car until February 2016 when it was into the wife's name after her husband's bereavement. When the V5 (logbook) was returned, it was noticed a spelling error on the book, this was then sent back for correction, however, with the usual DVA efficiency, it was returned with the correction completed, but with another owner added. In April 2017, it was then passed to a family member (daughter) Although the V5 does show 4 previous owners, (5 in total) the car is actually 1 family owned since it was 6 months old.

The car comes complete with an up to date stamped service history, handbooks as well as spare key.

SUMMARY:

This is a very genuine low mileage example in excellent condition throughout. Anyone who knows us will know that we stock and sell a lot of these particular cars, and I can honestly say that this example is as good as any we have had in the last few years.
