

Willerby Rio Gold 10ft (Free site fees for 2013 season) |

The new edition rio gold range has not been extended to encompass a series of deceptively spacious and comfortable 10ft holiday homes. Featuring all of the interior finishes and style of the 12ft range, the Rio Gold 10ft models are set to astound and exceed the expectations of buyers looking to take their first steps into holiday home ownership. Exhibiting all of the exterior styling of the 12ft Rio Gold, including the bay window and front bargeboard detailing the 10ft range offers incredible layouts that seem to belie their actual dimensions. With large windows and warm colours creating a feeling of space throughout, the Rio Gold 10ft offers practical yet stylish accommodation, with a large open plan living space and hard wearing upholstery making it the perfect solution for family holidays. Galley kitchens form an effective link through the centre of each of these models through to the bedrooms. Vaulted ceilings throughout add a feeling of space to all of the rooms, and the bedrooms are no exception. Large windows combine with warm, soothing tones to give the Rio Gold 10ft a real glow. The large family bathroom includes a one piece shower enclosure with chrome effect shower, electric panel heater, laminate style vinyl flooring and a wall mirror. The Rio Gold 10ft range defies perceptions to deliver truly spacious accommodation with a great value specification
