

## Audi E-Tron 300kW 55 Quattro 95kWh 5dr Auto | Jun 2020

95KWH BATTERY, 300KW DUAL MOTORS, AIR SUSPENSION

# £29,995

June 2002 first registered. One keeper from new. Audi E-Tron 300kW 55 QUATTRO 95kWh. Galaxy Blue metallic paint. Mileage is 30,626 miles. CO2 0g/km. This car features a 95kWh battery. Single charge range is between 200 and 220 miles on real world driving which is our experience when using this vehicle extensively. QUATTRO - variable all-wheel drive combined with the electric drive system with boost function fully electric drive system with 2 electric motors, 1 on the front axle and 1 on the rear axle. Power output is a combined 300kW (402bhp on boost mode). The boost function offers a short-term increase in performance when the car is in 'DYNAMIC' mode. Mode 3 charging cable present, capable of charging speeds up to 11kW for use at AC charging points. There is also a Mode 2 cable present for 230V AC 3 pin plug charging. DC charging CCS socket for DC charging. Second AC charging access point on the passenger side. With Pearl Beige Twin-Leather upholstery. With Adaptive air suspension electronically controlled air suspension with continuously adaptive damping system for all 4 wheels. Working in combination with Audi Drive Select automatically regulates ride height and damping and includes self-levelling suspension and manual lift function. The condition of this car is immaculate. The exterior is in fabulous presentation, with no obvious visual blemishes, dents, or scuffs. To be very fussy we observe a light surface score on the OSR door (not through paint) and some very minor light surface scores on the rear bumper face (not through paint). On the OSF door exterior lower grey trim panel finisher as 1x chip. The 20 alloy wheel are in perfect condition with no marks on any of them. All four tyres
