Auto | Jun 2019****£ 500 OFF ADVERTISED PRICE****£10,899**

The 2019 Nissan Leaf is an all-electric compact hatchback that offers eco-friendly driving with modern features and decent performance. Here's a brief description of the Nissan Leaf 2019:

Exterior: The design is aerodynamic, with smooth lines and a sleek silhouette. LED headlights and taillights give it a contemporary look. The signature V-motion grille is present, albeit in a more stylized, electric-friendly design.

Interior: The cabin is spacious and comfortable, with seating for five passengers. Quality materials are used throughout, giving a premium feel. The center console houses a large touchscreen display for infotainment purposes. Features such as keyless entry, push-button start, and automatic climate control are standard.

Performance: The 2019 Leaf is powered by an electric motor, producing instant torque for responsive acceleration. It offers a range of around 150 to 226 miles per charge, depending on the battery capacity and driving conditions. Different trim levels may offer varying power outputs and battery capacities.

Charging options include standard Level 1 charging, Level 2 charging, and optional DC fast charging for quicker refueling.

Technology: The Leaf comes with Nissan's ProPILOT Assist system, offering semi-autonomous driving capabilities. Standard safety features include automatic emergency braking, blind-spot monitoring, and rear cross-traffic alert. Infotainment features include smartphone integration, navigation, and voice recognition.

Environmental Impact: As an all-electric vehicle, the Leaf produces zero tailpipe emissions, making it environmentally friendly. It helps reduce reliance on fossil fuels and contributes to lower overall carbon emissions. Overall, the 2019 Nissan Leaf is a practical and eco-conscious choice for drivers seeking an electric vehicle with a balance of range, features, and
