

Skoda Enyaq 132Kw 60 Ecosuite 62Kwh 5Dr
Auto [120Kw] | Oct 2023
NI REGISTERED LOW MILEAGE EV

£24,999

The 2023 Skoda Enyaq 132kW 60 ecoSuite 62kWh 5-door Automatic [120kW] is an electric SUV that combines eco-friendliness with practicality and comfort. Here's a breakdown of its features:

Electric Powertrain: The "132kW" indicates the power output of the electric motor, which is equivalent to approximately 177 horsepower. The "60" designation refers to the battery capacity in kilowatt-hours (kWh), in this case, a 62kWh battery pack. This configuration offers a good balance between range and performance, making it suitable for daily driving and longer trips.

ecoSuite: The "ecoSuite" likely refers to a package or trim level that emphasizes eco-friendly features and materials. This could include sustainable interior materials, energy-efficient systems, and possibly aerodynamic enhancements to improve efficiency.

Automatic Transmission: The Enyaq is equipped with an automatic transmission, providing smooth and effortless driving experiences. This makes it easy to navigate through traffic and enjoy relaxed driving, particularly in urban environments.

Power Output: While the motor's maximum output is 132kW (approximately 177 horsepower), the "[120kW]" specification might refer to the continuous power output. This indicates that the motor can sustainably deliver 120kW of power over an extended period, ensuring consistent performance.

Interior and Features: Inside, the Enyaq likely offers a spacious and well-equipped cabin with modern amenities. Features may include a touchscreen infotainment system with navigation, smartphone integration, advanced driver assistance systems, and comfort features like heated seats and dual-zone climate control.

Safety: Skoda typically prioritizes safety, so the Enyaq is likely equipped with a comprehensive suite of safety features, including airbags, stability control, anti-lock brakes, and
