

## Nissan NV250 1.5 dCi 95ps Acenta Van | 2020

# £8,995 + VAT

With only one previous owner and very low mileage of just 42,500 miles for a 2020 registration, this Nissan NV250 dCi Acenta is a smart choice. As a 1.5 dCi Acenta L2 Euro 6 (s/s) 5dr derivative, this NV250 comes with a 1.5L diesel engine and benefits from Acenta trim, including practical features such as rear parking sensors to make parking easier, and Bluetooth connectivity. The vehicle also features front manual air conditioning. This particular model is a Euro 6 emission class vehicle, which means it produces fewer pollutants than older vehicles. In addition, it offers a fuel economy of 48 mpg, meaning lower fuel costs and fewer trips to the petrol station. The low insurance group associated with this vehicle means it may be more affordable to insure than other similar vehicles

### Vehicle Features
