Top Speed:	102MPH
Acceleration 0-100 km/h:	10.4s
Engine Power BHP:	139.5BHP

January 2023 first registered. We sold this car to the second keeper in April 2024. Two keepers from new. KIA Niro HEV (Self-charging hybrid) LEVEL 2 with 1.32kWh li-ion battery combined with 1.6 GDi petrol engine. 139bhp. 6-speed DCT automatic gearbox. This car does not require plug-in to recharge the battery. The battery recharges via energy recuperation, converting kinetic energy during braking into electrical energy and energy input from the petrol engine to recharge the battery. This car will drive solely on electric power when certain conditions are met. Steel Grey metallic paint. With 15,249 miles. CO2 100g/km. When we sold this car we fitted Kia genuine mudflaps front and rear and Kia genuine textile floor mats for added protection. This car also comes with a brand new temporary spare wheel kit - fitted in the boot floor section. The exterior condition of this car is immaculate. On the exterior body panels there are no obvious visual blemishes of any nature. The 16 diamond cut alloy wheels are in very good condition. The NSF and OSF alloys are in visually perfect condition. The NSF and OSF alloys do have some very tiny white speckles on the spoke edges - you will need to look very closely to observe these. The NSF and OSF tyres are brand new. The OSR and NSR tyres are Nexen premium brand with 5.00mm tread. The interior is equally as immaculate as the exterior. There are no signs of wear or soiling on the cloth fabric upholstery. We do observe some scores on the DSF inner door panel card at the grab handle area and the lower bin section - we will replace the door panel to leave this car in immaculate condition. Non smokers car. 2x remote keys are present. The balance of KIA's 7-Year/100,000 mile warranty applies subject to continued manufacturer

recommended routine servicing conditions met. Please note the cherish mark JXZ4050 is not transferred with the sale of this car. The replacement mark is PF72VVU
