- Ultra-low mileage
- Modern two-seater classic

THE APPEAL

The Mazda MX-5 is a two-seater convertible that has been in production for over 33 years. It is known for its excellent handling, fun driving experience, and affordable price. The second generation MX-5 is powered by a 1.8 litre 16 valve engine producing 146bhp, which makes it great fun and a very usable car. The good-sized boot helps with practicality for people who want to use the car on a daily basis. With no need for electronics, the roof can be lowered in seconds by unclipping it from the inside and easily folding it back.

This 2003 Splash Green Mica MX-5 is something of a rarity. Not only is it a special order colour, but the car is in almost new condition, having only covered 4,846 miles from new. Two previous keepers have owned the car, one of which inherited it and never actually drove it. This means it has only been driven by one person, making it effectively a one-owner car. The car comes with a complete history based on mileage, the original

SUMMARY

Simply stunning are the only words to describe this 2003 Mazda MX-5. The exceptionally low mileage is a rarity that has helped preserve this fantastic two-seater Japanese classic in what might as well be factory-fresh condition.

The MX-5 has a huge following, so you'll never be too far away from other fellow enthusiasts who share the same passion for this much-loved, iconic, two-seater convertible, but you probably won't find one with miles like this.

A rare chance to buy an instant classic sure to appreciate in value.
