

Kia EV6 236kW GT Line 77.4kWh 5dr AWD Auto | Apr 2024

WITH HEAT PUMP, AWD DUAL MOTOR 320BHP, 7744 MILES, PRISTINE

£32,995

April 2024 first registered. One keeper from new. Purchased directly from Kia UK Used Car Operations. Kia EV6 (MY24) GT-LINE 77.4KWH 320bhp AWD (Dual motor) with HEAT PUMP (£900 addition factory option). All Wheel Drive. Runway Red metallic paint. Mileage is 7,744 miles. The New Recommended Retail Price (RRP) of this when first registered was £52,675 on the road. This car is not subject to the annual VED road tax supplement. The HEAT PUMP system feeds waste heat from the cars battery to the interior to improve electric range efficiency during cold weather. This is a more energy efficient way of warming the interior cabin compared with using a traditional fan heater or air-conditioning system. Without a Heat Pump installed the fan heater and air conditioning draw a significant amount of power from the car's high-voltage traction battery, reducing range. Combined electric range is quoted at 314 miles*. (Range figures are determined according to the standardised EU measurement procedure (WLTP). Individual driving style and other factors, such as speed, outside temperature, topography and the use of electricity-consuming devices/units, have an influence on the real life range and can possibly reduce it). A 11kW AC (3 Phase) charger takes 7 hrs 20 mins (10-100%). A 50kW DC charger takes 1 hr 13 mins (10-80%). Maximum braked towing weight is 1600kg. Service completed by Kia UK Used Car operations at 7,737 miles on 02/06/2025. The condition of this car is utterly immaculate. There are no visual imperfections on any of the exterior body panels. The 19 diamond cut alloys have no visual curbing marks. All four tyres are premium brand Kumho. The NSF and OSF 6.00mm tread. The NSR and OSR

Miles:	7744
